

A background image showing a data center with rows of server racks. The lighting is predominantly blue, creating a high-tech, digital atmosphere. The racks are slightly out of focus, emphasizing the overall environment.

EXCHANGE ACCESS POINTS AT INTERXION

With locations half a millisecond or less away from every major stock exchange and liquidity venue in Europe, our data centres are ideal for all participants in the capital market communities.

Colocate alongside Europe's key liquidity venues for direct and low latency access. We house leading financial communities in London, Vienna, Frankfurt and Zurich and the following Exchange and MTF access point are available in our data centres.
